

No. 6,214,295, "the '295 patent"). The correct inventors of the '295 patent are Faith Freeman, Scott Freeman and Frank Asbury. These are also the applicants of the present application.

Faith Freeman was initially listed as the sole inventor of the '295 patent. A Petition to correct inventorship to include co-inventors Scott Freeman and Frank Asbury was filed on August 3, 2001. A copy of the Certificate of Correction of Inventorship is submitted herewith.

Additionally, it was discovered that without deceptive intent Faith Freeman was not listed as one of the joint inventors of the instant reissue application and should have been. A Petition to Correct Inventorship is submitted herewith, along with declarations and assignments from all of the joint inventors.
